Dear *Carlos*

I would like to take this opportunity to thank you for taking the time to participate in our recent European Corporate Restructuring Summit. The extremely positive feedback that I have subsequently received indicates that this event was a great success and thanks in no small part to your involvement.

I do hope that you enjoyed participating, I would be keen to hear any comments or suggestions that you have for this and future events, to that end please do feel free to contact me.

Warm regards
